THE END OF PLENTY: THE RACE TO FEED A CROWDED WORLD (PAPERBACK)

Scribe Publications, Australia, 2015. Paperback. Condition: New. New edition. Language: English. Brand new Book. An award-winning environmental journalist introduces a new generation of farmers and scientists on the frontlines of the next green revolution. When Malthus famously outlined the brutal relationship between food and population, he never imagined the success of modern agriculture. New seeds, chemicals and irrigation, coupled with free trade, drove the greatest global population boom in history - but left ecological devastation and an unsustainable agro-economic status...
