paperback. Condition: New. Ship out in 2 business day, And Fast shipping, Free Tracking number will be provided after the shipment. Pages Number: 284 Publisher: Machinery Industry Pub. Date :2009-06-26 version 1. This book is a modern manufacturing technology. quality higher education programs supporting materials. This book focuses on the practical operation of modern CNC machining technology skills to enable trainees to practice issues. not only to master the basic skills. but also in the process of doing to find the point of integration of theory and practice. both for the designer to enable students to experience the feeling of . but also students of innovation. This book includes: an overview of modern CNC machining technology. the basis of modern digital processing technology. the basis of modern CNC programming. CNC programming and machining lathes. CNC milling machine programming and processing. machining center programming and machining. EDM programming and machining. CNC machining simulation software. rapid prototyping. machining engraving program. coordinate measuring machine applications. automatic CNC programming software. innovative training. This book focus on practical. to ensure the necessary theoretical foundation and conventional technology. the introduction of new technology. focusing on advanced. This book can serve as institutions of higher learning. college students in CNC technology related professional training materials. also apply to all types of vocational and technical colleges (schools). training institutions. students practice using CNC technology. but also for related engineering and technical personnel and skilled workers for reference. Contents: Preface Chapter 1 Overview of modern CNC machining technology. basic overview of CNC machine tools 1.1 1.2 1.3 CNC machine works the composition and development of CNC machine tool numerical control device composed of 1.4 1.5 Maintenance of CNC machine tools to think with the exercises in Chapter 2 of modern CNC processing based CNC machining process outlined in 2.1 2.2...
